Sir,

With reference to your memo No 8030/Ed (69-04)-6 dated 8th March 1905 forwarding a copy of your letter No 8028/Ed(69-04)-6 of the same date to the Chief Engineer, I have the honour to inform you that Miss Palethorpe entirely disapproves of the site to the north of the late Sir Sheshadri Iyer's house and to the east of the guests' quarters referred to in your letter to the Chief Engineer. Miss Palethorpe's chief objections to the site are the close proximity of small native houses, which are almost hovels, the prevalence of bad smells about the locality and almost total absence of trees on the site which would make

the glare insupportable. She requests that the western portion of the compound of the Guests Quarters may be kindly given or a site in Gordon Park opposite the new Nurses' Quarters of the Maharanee Hospital. A site owned by Mr. Rangaswamy Iyengar on the Yelwal Road was also suggested. I request that until the question of site is satisfactorily settled no steps may be taken to construct the building.

I have the honour to be,
Sir,

Dated Mysore 29th March 1905

The Deputy Chief Engineer
of Mysore

Sir,

Referring to your letter no 1726 dated 10th March 1905 re the site for the quarters to be built for the Lady Superintendents Maharanee's College, I have the honor to inform you that the Lady Superintendent has pointed out to me the disadvantages of the proposed site and has proposed instead the Western portion of the Guest-quarters compound be handed over instead & inspected this

site this morning and found
it more suitable in every way
The portion of the compound about
200 feet wide is apparently unused
at any time by the guests as there
are no old marks of tents being
pitched here But should this
extra space be required for tents
there is no reason why the site to the
East of the Quarters and proposed
by you for building the bungalow
should not be acquired and handed
over for this purpose In my
opinion this Cantonment site would
be more suitable for the purpose -
for Camping as it is situated
between the present Guest-Quarters
and the late Sheshadri Iyer's Bungalow,
also now used for Guest-Quarters

and would therefore be convenient for both bungalows. The expense would also be curtailed as the fencing for a camping ground would not be so expensive as that for a bungalow.

If this is agreed to building might be commenced at once, and further delay saved.

I have the honor to be,

Sir
